

### CHALLENGES

- Increase member engagement
- Increase efficiency in managing the remote voting process
- Gain voter confidence with online voting

### SOLUTIONS

A new voting channel allowed OAS-FCU's members to **securely vote** from **anywhere in the world, on their personal device**.

ScytI provided a **dedicated project manager** to advise OAS-FCU in defining and adapting their voting processes and procedures.

ScytI's strong **authentication mechanisms and advanced security protocols guarantee privacy and the integrity of the results**, increasing voter confidence.

"ScytI consistently **exceeded our expectations by providing us with the highest level of service throughout the project**. Our members clearly understood their roles throughout the election process and provided positive feedback on the Online Voting solution. **I strongly recommend ScytI for any such future projects.**"
